Yep, that is fine. I am working out one detail, will send you a short powerpoint first thing Monday. We have three of the outcome templates. Post those to the website. They are attached. The goal was to have all twelve before the Management Board meeting Thursday. Am copying Kristin on this, just in case any others get done before our call on Monday.

Hi Nicki,

The final agenda has you on for 2:50 – 3:10 on Monday's call, let me know if that works for you. Also, let me know what materials you'd like me to post for the WIP template discussion. I have copies of the updated template and the example templates that have been presented to the WIP template workgroup so far. Let me know if there's anything else you'd like me to post for that!

Michelle

Hi Nicki,

I completely understand having too many things going on at once! We can table the presentation on the WIP template until January—are you available for the call on the 8th? I'll take your presentation off of Monday's agenda.

Well, I have done the ultimate no-no. Too much going on. The Secretary's Office has been trying to schedule a meeting with the Bay Foundation for months. Guess what day was finally selected ... yep, Monday. I didn't have a note on my calendar that I was giving this presentation. My fault. We are now also scrambling to figure out how we are going to cover the WQGIT call. I might be able to listen in to part of it, as can Kristen, but giving the Outcomes presentation is probably not a possibility as I will be in a car with 4 other people. Can I do this presentation at the next GIT call? I am really sorry about this!
